Gloucester Premier.

TOM Hudson of Kent rugby club Footscray RFC and his girlfriend Jodie Burton (below) are departing from Twickenham Stadium on Saturday May 1 to cycle unassisted over 25,000km to next year's Rugby World Cup in New Zealand.

The pair are carrying with them a "world in union" scroll, collating the signatures of players across the globe as a symbol of the unity that the Rugby World Cup brings.

The mammoth rugby-themed journey will take them through 22 countries and take 15 months to complete. With help and advice from the Tag Rugby Trust, the two fans aim to help promote the game and create interest in rugby in remote areas of the world.

Once completed, the scroll will be auctioned with all cash proceeds going to Rays of Sunshine, a UK children's charity providing wishes for children with serious or terminal illness.

John Owen, President of the Rugby Football Union, will be waving Tom and Jodie off from the West Car Park at Twickenham Stadium at 10am on Saturday, the day of the annual Army v Navy match.
